60 SECOND STRATEGIST: HOW TO TAKE DECISIVE ACTION TODAY WHILE PLANNING FOR TOMORROW

By Tony Galliano

You can accomplish it all—really.

What if you could master the skills and principles needed to function more strategically? Every day we are faced with new problems, challenges and opportunities. Our rapidly changing environment makes it difficult for most people to just survive, much less get ahead. In our fast-paced world, we need to find new solutions rapidly instead of relying on old tricks that no longer work. Becoming a *60 Second Strategist* allows you to quickly and effectively tackle problems and address new opportunities.

The future belongs to *60 Second Strategists* who can anticipate future events and act decisively and effectively. To get ahead, and stay there, you need to develop a strong sense of your environment and the changing world around you.

Wasting your time with preoccupation with daily problems and fire drills is one of the most substantial barriers to your success. To become a successful *60 Second Strategist*, you need to balance meeting the expectations of today while focusing on the future and the needs of tomorrow.

By applying The *60 Second Strategist* tools and techniques, you will be able to make the most out of your current environment while paving a highway toward your future success.
